

Global Energy Direct

TRAINING COURSE BOOKING FORM

PLEASE BE AWARE THAT YOU NEED AN UN-VENTED QUALIFICATION TO DO THE SOLAR COURSE. WE CAN ARRANGE DATES FOR BOTH COURSES FOR YOU.

Our courses are designed to be both informative and educational. The renewable energy market is booming and the courses supplied will be your first step to making it part of your portfolio. Once you realise just how easy it is to install any of the technologies you will never look back. Upon completion of your course, you will receive your training manual and a certificate of achievement will be forwarded to successful candidates by Logic Certification and BPEC certification which are recognised by the DTI.

Tea and coffee breaks included. We look forward to seeing you soon.

Electrical

| | | | |
|--------------------------------------|------|--------|--------------------------|
| BPEC Part P Electrical Full Scope | £699 | 6 days | <input type="checkbox"/> |
